Overview

A complete, self-manageable travel website. You get everything in the frontend package plus a secure admin panel to manage blogs, tour packages and place categories (such as Manali, Shimla and more) with images - all without touching code.

Everything in the Frontend Package, plus

- Secure admin panel with login
- Blogs: create, edit and delete posts with images
- Tour packages: pricing, itinerary, highlights & images
- Place categories (Manali, Shimla, etc.) - each with images and description, with tours & blogs grouped under them
- Image upload and media management
- Dynamic listing pages driven by your database
- Enquiries saved in the admin panel + email notification
- SEO-friendly dynamic pages

1 Year Support - included

Covered

- Fixing bugs and errors in the delivered features
- Repairing anything that stops working - forms, buttons, links, and admin actions (non-functional issues)
- Deployment / hosting issues for the delivered website
- Best-effort response within 1-2 business days

Not covered

- New features, new pages or new modules
- Content changes - adding or editing text, images, tour packages or blogs
