Overview

A professional, ready-to-sell online store for a single seller, with a complete admin panel to run it. Customers can browse products, search and filter, add to cart or wishlist, create an account and check out with online payment or Cash on Delivery. From the admin panel you control products, orders, customers, coupons and banners. The store is built responsive and SEO-friendly, with WhatsApp integration so buyers can reach you instantly.

Customer-facing store (frontend)

- Premium, responsive design - home with banners, featured products & categories
- Product listing with search, filters and sort
- Product detail page - image gallery, variants (size/colour), stock & related products
- Cart, wishlist and a smooth, secure checkout
- Customer accounts with sign up / login + OTP, order history & tracking
- Multiple payments: UPI, cards, net-banking, wallets & Cash on Delivery
- Coupons / discount codes at checkout
- WhatsApp integration and content pages (about, contact, policies)

Admin panel (backend)

- Dashboard with sales, orders & top products at a glance
- Manage products, categories & variants (add / edit / delete), with bulk upload
- Inventory / stock management with low-stock view
- Order management - view, update status, invoices & mark delivered
- Customer management and enquiries
- Coupons, offers & homepage banner management

- Sales & order reports

SEO features

- On-page SEO - titles, meta tags & clean URLs for product and category pages
- XML sitemap & Google Search Console indexing
- Image alt tags and basic page-speed optimization

What's included & what's not
