Overview

Connectify brings brands and influencers together. Influencers and brands each register through a form; the admin then reviews profiles and connects the right influencer with the right brand. A focused, essentials-first build - responsive across all devices.

Public website

- Landing page explaining Connectify + a 'How it works' section
- Separate 'For Influencers' and 'For Brands' sections
- FAQ and contact page

Influencer onboarding

- Register via a detailed form: niche, social handles, follower counts, audience, content samples & collaboration rates
- Login and profile management

Brand onboarding

- Register via a form: brand details, campaign goals, target niche and budget
- Login and profile management

Admin matchmaking (backend)

- Review & approve influencer and brand profiles
- Match the right influencer(s) to the right brand
- Send introductions / notifications by email

- Manage all users, profiles and matches

Dashboards & technical

- Basic influencer & brand dashboards to view profile & matches
- Secure authentication and responsive design
- Deployment to the client's hosting + handover
