Overview

A professional, ready-to-launch website for Go Realtors with a backend admin panel so your team can manage property listings on your own - no coding needed. Visitors can browse properties with photos, price and location, search and filter to find the right match, and send an enquiry that reaches you directly on WhatsApp. It comes with a WhatsApp chat button, a free hosting plan and 1 year of bug & error support. The domain is arranged by you (it is not on our side), and we will help connect it to the website.

What we will design & develop

- A responsive website with pages such as home, about, property listings, property detail, enquiry and contact
- Property listings with photos, price, location, type (buy / rent) and key details
- Search & filter by property type, location and budget
- Property detail pages with photo gallery and an enquiry button
- Enquiry form (name, phone, property of interest) delivered to your WhatsApp / email
- WhatsApp integration - click-to-chat button so buyers reach you in one tap
- Clean, mobile-friendly design across mobile, tablet & desktop
- Free hosting plan setup and go-live; connecting your domain (arranged by you)

Backend admin panel

- Secure admin login for the Go Realtors team
- Add, edit and remove property listings yourself - no coding needed
- Upload property photos and set price, location, type and status (available / sold / rented)
- Mark listings as featured to show them on the homepage
- View and manage enquiries received from the website

- A short walkthrough so your team is comfortable using the panel
