Overview

A modern, dynamic website for your momos & fast-food cafe, powered by a custom CMS/admin panel so you can manage everything yourself. Update your menu, prices, offers and content anytime, capture and manage customer leads from one dashboard, and use interactive database-driven features - all without touching any code.

Dynamic website (frontend)

- Responsive design for mobile, tablet & desktop
- Home, about, menu, gallery, offers & contact sections
- Dynamic menu with categories (momos, fast food, beverages)
- Item cards with photo, description, price & tags
- Special offers / today's deals section
- Enquiry / order-request & contact forms
- SEO-friendly structure and social-media links

Custom CMS / admin panel

- Secure admin login with role-based access
- Add, edit and delete menu items & categories
- Manage prices, availability and daily offers
- Dynamic content management for pages, banners & gallery
- Upload and organise food images
- No coding required to run the site

Interactive database features

- Database-driven menu, offers and content
- Search & filter items by category or tags
- Reusable content blocks managed from the CMS
- Structured storage for menu, media & enquiries

Lead management

- Capture enquiries and order requests from the website
- Leads dashboard to view, search & update status
- Mark leads as new / contacted / converted
- Export leads (CSV) for follow-up
- Email / WhatsApp link for quick response
