Overview

A beautiful, informative website for a resort/cottage stay, plus a simple admin panel so the owner can add and manage listings himself - cottages/rooms, places to visit, gallery, dining and guest reviews - without any coding. Fully responsive on mobile, tablet and desktop.

Website (front-end) pages & sections

- Home: hero, highlights, amenities & call-to-action
- Stay - Rooms & Tariffs: cottage/room listings with photos, features and pricing
- Experiences: activities & things to do at the property
- Regional Tourism: nearby places/attractions listings
- Dining & Gallery: restaurant info + photo gallery
- Guest Reviews: testimonials from visitors
- Contact: enquiry form, map, click-to-call & WhatsApp
- 'Book Now' button (links to call / WhatsApp / enquiry)

Admin panel - owner can manage

- Add / edit / remove cottage & room listings with tariffs
- Add / edit places & tourism listings
- Upload and organise gallery / experience photos
- Manage dining details and guest reviews
- Update home-page highlights and contact details
- Secure admin login
