Overview

A fully custom-coded online store for a clothing brand - no template or monthly-fee platform lock-in, and the client owns the source code. Includes catalogue, cart, secure checkout with a payment gateway, customer accounts and a complete admin backend to manage products and orders. Up to 20 products are set up at launch; more can be added anytime from the admin panel.

Custom-coded storefront

- Bespoke design & code - no template / Shopify lock-in; client owns the source code
- Home, shop / catalogue, category & product detail pages
- Product search, filters (size, colour, price) & sorting
- Up to 20 products set up, with variants and image galleries

Cart, checkout & payments

- Add to cart, wishlist and cart management
- Secure checkout with address & order summary
- Payment gateway integration (e.g. Razorpay / Stripe / PayU)
- Coupons / discount codes
- Order confirmation & email notifications

Customer accounts

- Register / login, order history, saved addresses & wishlist

Admin panel (backend)

- Manage products, variants, inventory & pricing
- Manage orders (pending / shipped / delivered) & customers
- Coupons, shipping charges / zones setup
- Basic sales dashboard & reports

Custom code & technical

- Custom-written code - no monthly platform fees, full ownership
- Basic on-page SEO and fast, responsive design
- Deployment to the client's hosting + handover
