Static Single-Page Website

Static single-page website for a recruitment agency - design & development only

QUOTATION NO.	DATE	VALID UNTIL	PREPARED FOR
BV-Q-2026-030	18 Oct 2026	02 Nov 2026	Confidential

Overview

A clean, static single-page website for your recruitment agency. Everything lives on one smooth scrolling page - an introduction, the services you offer, the kinds of roles you hire for, a short about section and your contact details. Visitors can reach you in one tap through a WhatsApp chat button, a click-to-call link or a simple enquiry form. This is a design-and-development package only - there is no backend or admin panel, no searchable job board and no candidate login. It comes with a free hosting plan and 1 year of bug & error support. The domain is arranged by you (it is not on our side), and we will help connect it to the website.

What we will design & develop

- A single-page (one-page scrolling) website with smooth section navigation
- Hero section with your headline, tagline and a clear call-to-action
- Services section - the recruitment / staffing services you offer
- Open roles / sectors section to showcase the kinds of positions you hire for (static content)
- About section to build trust with employers & candidates
- WhatsApp integration - a click-to-chat button so visitors message you directly
- Contact / enquiry form that delivers to your email
- Click-to-call button and Google Maps location
- Fully responsive across mobile, tablet & desktop
- Basic on-page setup - page title, favicon and fast-loading images
- Free hosting plan setup and go-live, plus connecting your domain (arranged by you)

- All prices are in Indian Rupees (INR) and are one-time for the work quoted.
- This is a static, single-page website-only package - no backend / admin panel, job board or candidate login is included.
- The domain is not on our side - it is arranged and paid for by the client directly; we will help connect it to the website.
- Website content, logo and images are provided by the client.
- Open roles are shown as static content; updating them later is a small content-change charge (or can be quoted as a dynamic job board separately).
- 1 year support covers bugs & errors only (things that stop working). It does not cover content changes, new pages/features or redesigns.
- Hosting is provided on a free plan; upgrading to paid hosting (for higher traffic or needs) is optional and charged separately.
- This package covers a single page; additional pages are charged separately.
- Prices are exclusive of GST, if applicable.
